## WHAT OUR HEROES SAY ABOUT TROOPS DIRECT

“The program you guys have is one of the most unique and best programs out there. The support you have given me will not only help myself when running ops, but provide an extra layer of security and safety for my K9.”

Airborne Medic tends to casualties with medical devices provided by Troops Direct.

“The organization you run is bar none real support soldiers need. The bags you sent us were put to use immediately carrying about 100 pounds of weight. The equipment definitely increased our load bearing capabilities and reduced the fatigue on our war fighters.”

“Your company’s rapid response and eagerness to assist allowed us to receive the equipment in a timely manner, in a time where competing resources prevented the procurement of much needed equipment. Troops Direct was able to fill the gap.”

Resources from Troops Direct enhance capabilities of Special Operators in a maritime environment.

“I understand that these items don’t sound like much, but they can make a difference when out running ops.”

## SERVICE MEMBER TESTIMONIALS

“So I called Troops Direct on a satellite phone in the middle of Iraq. I said, “I need this, this, this and this.” Aaron, the Executive Director, put me on a 3-way call with 3 separate vendors and he swiped the Troops Direct credit card for \$20,000 for everything we needed.

We had everything in 7 days to seize key objectives and to liberate the city of Mosul. **Without Troops Direct, my guys would have gone without.** And by going without, it could have led to casualties on the ground. We accomplished seizing an entire eastern half of a city because of Troops Direct. Lives were saved.”

**JAKE F., UNITED STATES MARINE CORPS**

“**We were able to save a civilian’s life** during our deployment because of the high angle extraction equipment we requested from Troops Direct. To me that’s more important. Doing our job is doing our job, but interjecting and being able to impact and influence the people who were never meant to be in harm’s way, to me that’s the most important thing.

The operational intelligence that we received from saving that civilian’s life was astronomical. It was a significant and strategic impact. It’s one example of where your money goes when you donate to Troops Direct.”
